**Subject:** Forrestfield Industrial area name change

Dear Mr Veralis

I have read your submission to rename the suburb(s) encompassing the Forrestfield North District Structure Plan Precinct of which encompasses the Forrestfield Industrial Area. **We strongly oppose this in its current format.**

Whilst I believe that renaming the area is a positive for the rebirth of the future residential area the inclusion of the industrial area is unwise and unnecessary. The Forrestfield Industrial Precinct (south) is well known and established throughout the industrial and logistics markets and industries. The newer Forrestfield North industrial area is now part established and a seamlessly integrates to the older industrial area. It is known, easily identified and a represents an established blue chip industrial precinct.

We believe the suburb name change would be **detrimental to the identity of the Forrestfield industrial area**. There would be no benefit in any way to changing its name to what will be known and identified as a residential suburb.

We urge you to reconsider the boundary of the proposed suburb name change to **exclude the Forrestfield industrial precinct** as per the marked up drawing attached.

I am available to meet to discuss my concerns at any time

Sincerely

***Luke Endacott***

**Subject** Name the Suburb Competition - attn Peter Veralis

Dear Peter,

Thank-you for the opportunity to re-name the suburb.

The consensus amongst the 100 team here is that we are very happy with the name Forrestfield, and given that we would incur some significant costs if this were to change, would prefer that the status quo be maintained.

Yours sincerely,

Sam.

**Subject** Suburb name change proposal

Dear Stupid People,

Please find my strongest response attached above. If something is not broken don't try to fix it until it is. Leave High Wycombe the xxxx (Swear word removed) alone.
