Dog Local Law 2021

Submissions

A total of 11 Submissions were received, 10 from members of the community and one from the Minister of Local Government, Sport and Cultural Industries.

Submission 1: Support- Comments include:

1. I think the failure to pick up after your dog(s) fine should be higher. Some streets are so contaminated.

Submission 2: Comment only:

1. Would be nice to allow us to take them to Stirk Park too.

Submission 3: Comment only:

1. Good to see the council addressing the big issues.

Submission 4: Comment Only:

1. Can we have Cat local Laws now?

Submission 5: Comment only:

1. I would like to see the dog restriction in Stirk park removed, but instead allow dogs on leashes to be walked through or remain in park on the leash with their owner. The demographic, population density and dog popularity have changed dramatically in the vicinity of the Kalamunda town. There are any people of all ages with small dogs wanting to stroll there dog in the town center and not be restricted to the roadside paths, they would like to walk through the park or sit and enjoy for a while with their dog. I cannot think of any valid reason that this should not be allowed. As an example, dogs on leashes are permitted in Kings Park and Hyde Park, both premier parks.

Submission 6: Comment only:

1. I believe Holland got around their dog poop problem by mandating that all dogs are DNA tested at their vets, and data held on a central data base. Then if an

errant poop is found, it is DNA tested and the owner charged for the cost of the test and fined for the poop. Their dog poop problem vanished very quickly

Submission 7: Comment only:

1. I'd like the council to consider making Davies Park and off-lead dog exercise area. Being an on-lead exercise area is pointless. There are currently limited exercise areas in Maida Vale. Roe/Kalamunda area is now a work site, with the area bordering Hawtin Rd being predominantly bush with a few small tracks. Ideally Davies park being enclosed longer term would be ideal.

Submission 8: Objection:

1. You should include the fact that some dog owners have dogs that are a nuisance in the way of continual loud barking. You should have the law to investigate verbal complaints without too much input from complainants, and issue penalties when found that you can establish satisfactorily that a nuisance is evident.

Submission 9: Comment:

1. Whilst I appreciate the need to control and regulate the dog population, it would be unfortunate if it got too complicated and onerous for people whose only companionship is a small dog, particular some of our older people.

Submission 10: Objection:

1. If I pay for my property and own it, you shouldn't be able to tell me what I can and can't do. If I paid for the property and can reasonably keep 7 dogs on it, I should be allowed to. I rent so my landlord should make the rules. If my dog escapes to go for a walk and does get picked up by the ranger I shouldn't have to pay exorbitant fees when the dog would have just wandered home. If he does fight (which is out of character for him) or more likely get attacked, then I'll take that up with the other owner. Kalamunda is a lovely place to be, but the shire makes it a sad place to live.

City of Kalamunda Dogs Local Law 2021

Minor edits

The following minor edits are suggested:

- **Contents:** It is suggested that the page numbers be removed from the gazettal version, as it will clash with the page numbering system in the Gazette.
- The City should review each clause to ensure that full stops are inserted at the end of the clause.
- It is suggested that all references to "sub-clause" be replaced with "subclause".
- **Clause 1.5:** In the definition of *CEO*, replace "chief executive officer" with "Chief Executive Officer".
- **Clause 3.3:** in subclause (1)(a)(iii), replace the full stop with a semicolon.
- **Schedules:** it is suggested that all bracketed clause references in the Schedule titles be centred.

The City should conduct a thorough review to ensure all references and cross-references within the local law are accurate, particularly if any changes are made as a result of these comments.
