

Attachment 3 – Draft Hartfield Park Master Plan Stage 2 – Minor Club Requests – Public Consultation Period

No	Club Name:	Club Comments:	Officer Comment:
1	Forrestfield Districts Bowling Club (FDBC) / Forrestfield Tennis Club (FTC)	Minor design layout alterations for both bowls and tennis facility including swap the location of the first aid room and tennis kitchen/servery and minor room size adjustments.	Supported – Provides for a better layout and functionality for the users and is within the proposed building footprint area. . Exact details to be determined during the detailed design stage.
2	FDBC / FTC	Increased verandah and shade areas for both tennis and bowls.	Supported – Approximately an extra 130m2 provides for better spectator viewing and functionality. Exact details to be determined during the detailed design stage.
3	FTC	Extend the new footpath all the way down to the five existing tennis courts and install a gate between courts 3 and 4	Supported – Improves clubs access to all the courts.
4	FTC	Court 6 to be for public use with a hit up wall	A club hit up wall and club warm up court are supported subject to it being a club responsibility.
5	FTC	Lighting on courts 1-5 to be upgraded to LED when new courts developed.	Supported as a renewal project. The provision of LED lighting technology is supported as a sustainability measure.
6	FTC	Children’s playground equipment.	Not supported – Existing playground exists adjacent to the rugby union fields. Clubs may seek to provide their own playground, which is to be their responsibility as part of any future lease agreement.
7	FTC	Provide area for maintenance shed if FDBC one not available.	Not supported – FDBC advised that FTC can share the maintenance shed once new synthetic green installed.
8	Kalamunda Districts Rugby Union Club (KDRUC) / Forrestfield Cricket Club (FCC)	Inclusion of a cool room in the proposed kitchen / servery area.	Supported – its inclusion is supported as it will provide improved functionality for the users.
9	KDRUC / FCC	Requested sufficient under cover seating area and verandah with elevated viewing to be provided.	Supported – Undercover area to be incorporated into the Plan. Exact details to be determined during the detailed design stage.
10	Kalamunda Bulldogs Rugby League Club (KBRLC)	Installation of a high fence adjacent to the scout’s bush area to prevent balls going into a high value bush area.	Supported – Provides for improved environmental protection to the adjacent bush area. Exact details to be determined during the detailed design stage.

11	KBRLC	Reconfigure field to move try line away from power cabinet and light pole.	Supported – A minor reconfiguration will provide safer run off area for the existing rugby league facility, and the removal of the existing rugby union facility in stage 2B will provide sufficient space for the reconfiguration.
12	KBRLC	Can anything be done now for improved Changerooms?	The City will shortly lodge a CSRFF application for the new unisex changerooms at Rugby League. If successful, funding will become available for implementation in July 2022.
13	Foothills Mens Shed (FMS)	Minor design layout alterations for facility.	Supported – It will improve the user experience and functionality. Exact details to be determined during the detailed design stage.
14	FMS	Addition of small windows for natural light	Supported – To be worked through at detailed design stage.
15	FMS	Addition of solar panels and rainwater tanks	Supported – To be worked through at detailed design stage pending budget available.
16	Forrestfield Football Club	Relocate building to be more adjacent to the middle of the oval.	Supported – Noted that the relocation of the unisex changerooms may result in a disconnection with the existing facilities, while the new clubroom is developed as part of Stage 2B.
