The Ebony Yamaha C3 comes with a matching padded bench stool. It is a very valuable instrument and to ensure it is cared for the following conditions apply to its use:

1. The piano may only be used by a competent pianist, who is personally responsible for the instrument whilst it is on stage.
2. An additional bond is required before the access to the piano can be given. Any cost incurred due to damage to the instrument, stool or cabinet, will be deducted from the bond or met by the hirer.
3. The grand piano is stored in a housing cabinet to the right hand side of the stage. It can be easily wheeled on to the stage by two (2) or more people. Please do not attempt to move the piano without the technician's approval or assistance, and please do not lean against the instrument to push it.
4. The instrument must only be placed on the solid stage section, NOT on the apron or thrust sections of the stage.
5. The instrument is not to be taken off the stage and when not in use the piano and stool should be returned to the storage cabinet.
6. Hirers are reminded not to touch the piano strings at any time.
7. The surface of the piano is delicate and marks easily. Be careful not to scratch the surface when moving the piano and do not place any item on the piano. Hot mugs and cold drinks are particularly dangerous as they leave permanent stains. At no time may a person sit or lie on the lid of the piano.
8. A polishing mitt is stored in the stool for cleaning the surface of the piano. Please do not use any other cleaning products.
9. The piano is tuned regularly. If you would like the piano to have an extra tune prior to your performance, please advise KPAC staff at least two (2) weeks prior. This will incur additional charges which will be added to your account.
